SALARY SCHEDULE

	1935-36	1936-37
The teachers' salaries in Clarendon average.....	\$630 00	\$630 00

The state average for rural schools is \$645.00.

The work of the schools in general is of a very substantial character. This is due to the excellent cooperation of all parties concerned. At the beginning of the present school year, Miss Virginia Noyes was engaged to fill the vacancy at Clarendon Flats, caused by the resignation of Mrs. Louise Roberts. Miss Sylvia Riberdy was engaged for the Chippenhook school to take the place of Mrs. Ellen Potter, who is teaching at Clarendon Springs. Both of the new teachers are doing very well indeed.

The Parent-Teacher Associations are worthy of the highest commendation for the splendid interest and financial support that they are giving to the various schools.

REPAIRS

The school directors have used good judgment in the management of school property and supplies.

It is always economy to maintain buildings in good repair. Reasonable repairs should be looked after each year for the good of the property and to keep the expense within the capacity of the town to pay without incurring a debt.

The financial condition of the school department in Clarendon is very exceptional and sufficient annual appropriation should be provided to keep it so.

I very greatly appreciate the hearty support that the citizens of Clarendon have given for the education of their children during the past thirteen years.

Respectfully submitted,

F. W. WALLACE,
Superintendent of Schools
